Explanation of the 2 figures and the stratford ranks.

The existing Stratford Station and its rank remain roughly in the same position it has always been, approached from the one way system in Great Eastern Rd, E15. Westfield and the Olympic site come under the postcode of E20. There are two ranks servicing Westfield Shopping Centre, the main rank is in Roundhouse Lane, with plenty of spaces and a Taxi lounge with TV and drinks available for drivers to have a short break. This rank is the main 'drop off' point and the only drop off point for the Premier Inn Hotel and the 24 hour Casino. At present the rank isn't well serviced by either taxi's or customers. The taxi lounge is manned by representatives from "Stratford City Cars" which take the main amount of work due the lack of cabs on the rank and the current obstruction shown with a white arrow in picture "B" between the rank and the lounges 'L & F'. The other rank is situated in Montfichet Rd adjacent to the "Bus Interchange". It appears most customers go to this rank which is better served by taxis and holds 7 taxis. If it overflows into the bus lane, you may be moved on.

There are three entrances to the site, A12 at Lea Interchange, Angel Lane E15, and Warton Rd, off High St E15, each has security screening facilities.

Picture 'E' shows the approach to International Way / Roundhouse Lane when approached from Angel Lane or Warton Rd entrances.

Picture 'A' shows the plentiful space on the main rank and drop point.

Shopmobility Service. For disabled passengers that need a wheelchair or mobility scooter, drivers should drive into car park A (see picture A) taking the barrier marked for disabled parking, take a token when passing the barrier, and proceed baring right to a disabled bay at the end where staff will assist the passenger, use the token to get out, there is no charge.

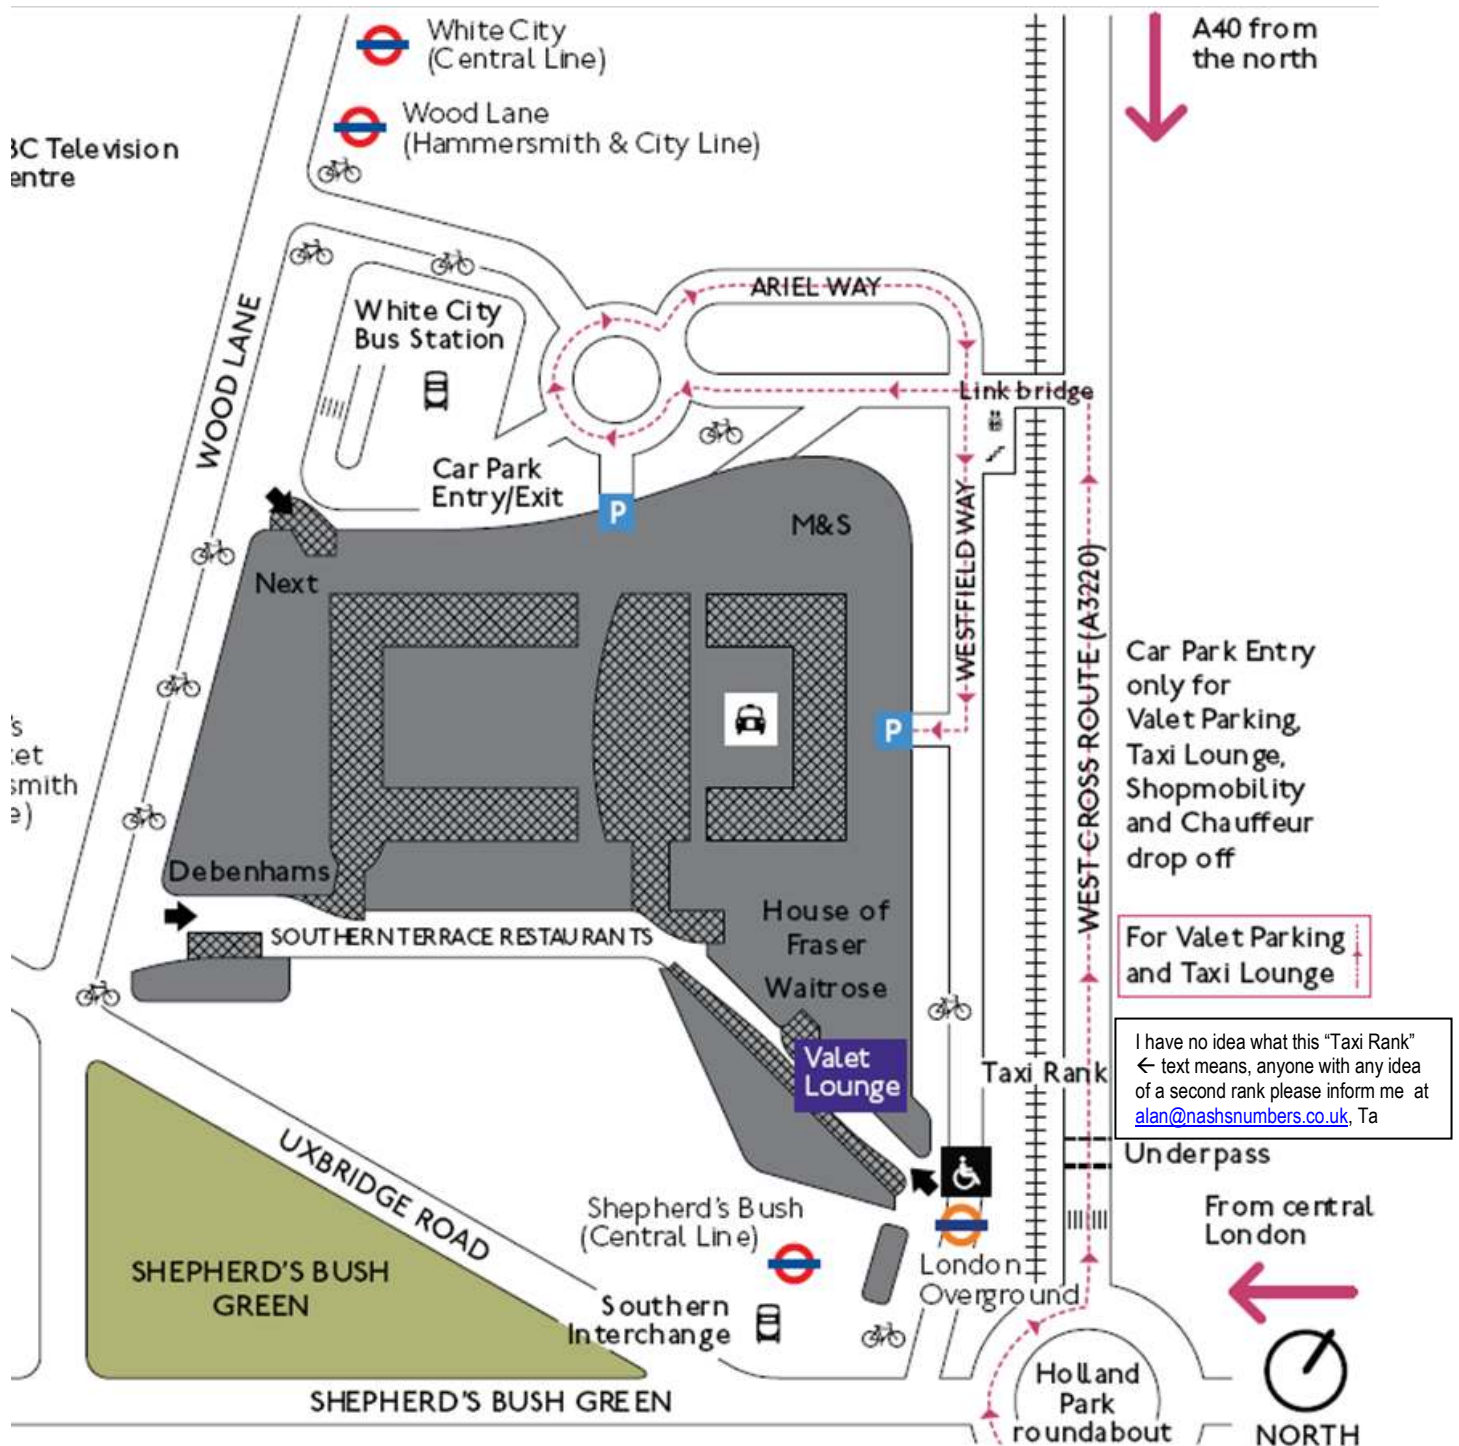

Picture 'B' shows a cab on point, the arrow points to where the Taxi Lounges are, obscured by a temporary structure.

Picture 'F' shows the taxi drivers and Customer Lounges.

Pictures 'C' & 'D' show the secondary (but most used) taxi rank.
