

Nash's Numbers

by Alan Nash (A95)

It's office party time again and we will all be taking a larger number of "party go'ers" home who are not our usual customers, therefore the call of "how much is it to .." is a lot more frequent. The answer "whatever it goes on the meter" can lead to either a loss of a job or problems being paid when you get to the destination. This month we have "meter readings" for 68 towns around London but outside the North and South circular, and as not everyone goes from Charing Cross, there are 4 start points, Heathrow (HTR), Trafalgar Sq. (TRAF), Bank Junction (CITY) and Cabot Sq. (E14C). Please note these figures are a guide and do not include waiting related charges and should be quoted as approximate or a minimum. Towns marked with a * are outside the MP area and may be subject to a minimum charge from Heathrow. The distances are calculated on the quickest route but in general do not use motorways.

Cabot Sq. to Gatwick via Blackwall Tunnel - A20 - M25 - M23 = £ 93.00

Heathrow to Gatwick via M4 - M25 - M23 = £ 87.00

Heathrow to Stansted via M4 - M25 - M11 = £ 121.00

As usual any comment, suggestions, corrections to me any time on 0181 506 1000 mailbox number 0195.
