

Nash's Numbers

by Alan Nash (A95)

This column is designed to assist our everyday lives and nothing pleases me more than providing information that is requested from drivers. This month at a written request to the Editor is the DAC codes for towns outside the London postal codes and inside the M25. Sorry it's not the "Urinals of London" you will have to keep your legs crossed a little longer. Future issues will include updates on Eurostar and metered fares (April review) plus young peoples clubs, Heathrow Hotels and urinals when I have all the information. No calls whatsoever last month, if you have any useful information, ideas or corrections to the data I provide please leave me a message on 0181 506 1000, on answer, key in mailbox number 0195.
