

Nash's Numbers

by Alan Nash (A95)

It's that "let's go to the theatre time of year again. The list was as complete as possible at the time of compilation. Key to the remarks column:- Times - are the time the last performance is due to end, most theatres turn out a few minutes after this time. Golden Cockrel is on 2,4,6,7,9,11,13,15&16/1/99. Kafka's Dick and Filumena are both on at the Piccadilly theatre, days cannot be specified but in general Filumena is on at the beginning of the week. The Nutcracker is on at 2 venues, this is not a mistake Any comments, corrections or suggestions to me at anytime on 0181 506 1000 mailbox 0195.
