

Nash's Numbers by Alan Nash (A095)

I have been asked by a few drivers to update with this years fares, the table of fares to towns around the country. With increased competition, we don't want to hand out details on a plate, so for the last time this 3 parter, will be the **mileage** to the towns. You use either the May 2001 or July/Aug 2001 issues of Call Sign to calculate the fare.
