

Nash's Numbers

by Alan Nash (A95)

Last visited in May, here is the Eurostar timetable. The timetable is valid in general until 14/12/02, (shown as blank in the valid field) however, they have posted their timetable until 14/6/03 on their web site but is somewhat incomplete at the time of writing. I will keep you updated.

Day number key 1=Mon. 2=Tues. 3=Wed. 4=Thur. 5=Fri. 6=Sat. 7=Sun.

Mout. = Moutiers. The trains from Bourg St-Maurice have a different train number but arrives at the same time as the Moutier train, I guess they are just one.
