

Nashs Numbers by Alan Nash (A95)

To continue with the theme of numbering schemes, this month is Cadogan Gardens.

Although it is in effect just a square, it does extend out to Sloane St and Kings Rd. Numbers 83 and 85 are shown on the A-Z as being in Cadogan St. No 11 is the aptly named Number 11 Hotel, must have taken ages to think up that name.

Straight forward odd and even numbers.

Due to cramping too much on the page last month, the numbering of Onslow gardens was a bit difficult to read. If you require a better copy or any back issues, please
