

# Nash's Numbers by Alan Nash (A095)

Have you noticed how most "Taxi" information books only list a limited number or no "Pubs" at all. The reason is there are over 17,000 in London. So have I embarked on the impossible? Here is a list of "Pubs" gathered from a reliable non taxi source in EC1, EC2, EC3 & EC4. Hopefully this series may continue with future issues covering WC1&2, W1, NW1 SE1,SW1, E1,E14 and beyond.
