

Nash's Numbers

by (Alan Nash A095)

Whilst this is the January issue, you should be reading this issue before Christmas, so I would like to wish you a Merry Christmas and a prosperous new year. The "Slave Driver" you all know better as Alan Fisher wants the January copy by mid November only a few days after preparing the December edition. So this is a bit of a rushed mish mash. I cannot even do the new Eurostar timetable that starts 15/12/13 because at the time of writing it was still not available.

London City Airport

All of you would have dropped off at City Airport. But I think most of you have yet to rank up there with the new arrangements. A new feeder park was put into operation in early October. If you do venture to "Put On" in the new year, you need to go past the car park, the rows of hire cars and right to the end where you find the dreaded new "Feeder Park" and follow the route as shown in the diagram below. Don't do a U turn at the mini roundabout thinking you were in luck!

Roads

No left turn from Marylebone Road into Marylebone High St. Cabs are still turning left, guess by now PCN's are being issued

Yes left turn from Well Street into Oxford Street. The old no left turn sign has been removed. A first for TfL for the first positive action as opposed to all other traffic improvements being misnomers.
